## Furnace and AC/Heat Pump

### À la Carte Services:

- Members can select specific maintenance services based on their needs.
- Choose from a menu of services, including inspections, tune-ups, and more.
- Pay only for the services selected, providing flexibility and customization.

### Discounted Standard Repairs:

- Members receive a discounted rate on standard repairs.
- The discount applies to labor costs, replacement parts, and materials.
- The discount percentage is determined based on the membership level.

### Flexible Membership Options:

- Ability to customize the membership by adding or removing services.
- Options for automatic renewal or cancellation with prior notice.

### Maintenance Visits:

- Scheduled maintenance visits as per the selected membership plan.
- Thorough inspection and maintenance of residential HVAC systems.
- Cleaning, lubrication, and adjustment of components as needed.
- Early detection and prevention of potential issues to avoid costly repairs.

### Emergency Response Services:

- Prompt response and priority service for urgent repair requests.
- 24/7 emergency hotline for program members.
- Expedited repair process to minimize downtime and inconvenience.
- Reduced emergency service fees or waived call-out charges for members.

### Warranty Coverage:

- Extended warranty coverage for repairs and replacements.
- Coverage for both parts and labor costs.
- Peace of mind knowing that unexpected repair expenses are covered.

### Additional Discounts and Perks:

- Exclusive discounts on additional services or upgrades.
- Special promotions, deals, or packages for program members.
- Access to preferred suppliers or vendors for discounted rates.
- Loyalty rewards or referral programs for members.

## Benefits of Adding an Additional Unit to Your Membership:

### Comprehensive Coverage:

- The added unit will receive the same comprehensive maintenance and service benefits as the existing unit.

### Discounted Services:

- All maintenance services for the additional unit are covered by the existing membership's discounted rates.

### Simplified Billing:

- Additional unit's membership fee will be combined with the existing membership's billing for convenience.

### Consistent Maintenance:

- Both units will be serviced together during scheduled maintenance visits, ensuring consistent upkeep.

### Streamlined Scheduling:

- Service visits for both units will be coordinated to minimize inconvenience to the customer.

### Filter Changes:

- Filter changes for the additional unit will be conducted on an as-needed basis, ensuring optimal indoor air quality and system performance.

### Warranty Coverage:

- The additional unit will be covered by an extended warranty for repairs done during the agreement period and only while the agreement is active, providing extra peace of mind.
